Presented by the National Sales and Marketing Council of the National Association of Home Builders, the Nationals new home sales and marketing awards salutes and honors the best in the building industry for their determination, integrity, creativity, and endurance.

Silver Award winners are the top vote recipients in each category and are the finalists for the Gold Award. During a three-day judging process, a panel of seven industry professionals from across the country determined the Silver and Gold Award winners.

The communities were selected for their exceptional design, architecture and craftsmanship. They were recognized for their industry.
